

GREENVILLE UNIVERSITY UPDATES

PROGRAMMING UPDATES

EDUCATION. In addition to our elementary, middle, and secondary education majors, we now offer early childhood education with just five additional classes and only one student teaching placement. Plus, 100% of our students pass the edTPA. Education majors also receive a certification in Character Education.

ENGINEERING. Our partnerships and internships with engineering firms and the National Geospatial Agency allow for a multitude of job opportunities upon graduation.

THRIVING PROGRAMS. Our newest programs in social work, psychology, and agribusiness are accredited, experience-based programs aimed at helping students thrive in their next step.

SCHOLARSHIP UPDATES

Going into fall **2021**, GU will be test-optional.

We are hosting our **Scholarship Day** early this year on **November 13!** We will offer SIX FULL-TUITION scholarships to students who participate!

In addition to our traditional merit scholarships, we have added some new opportunities:

MCALLASTER HONORS SCHOLARSHIP: \$20,500 This scholarship program nurtures excellent students who are especially gifted to serve God and neighbor through the work of Christian learning and research.

WOMEN IN LEADERSHIP: \$19,500 GU has a rich heritage of empowering women of leadership. The recipients will be supported with character-building and service-leadership programming, and awardees will meet on a regular basis for mentorship with President Suzanne Davis.

MOSAIC/DIVERSITY SCHOLARSHIP: \$20,500 This program is for leaders who display exemplary academics and an eagerness to promote a diverse and inclusive culture on GU's campus.

PANTHER PREFERRED CHARACTER AND SERVICE SCHOLARSHIP: \$19,250 This is a non-academic scholarship, incentivizing the ideals of character and service! Students who are accepted into this scholarship will be required to participate in character and service events and programming on GU's campus.

CAMPUS UPDATES

NEW WEIGHT ROOM. We're renovating our gym into an on-campus fitness center for all students. The off-campus fitness center and pool are still available.

GU SMART. The SMART Center is a multi-use, historic facility repurposed for community good, economic growth, and entrepreneurship. It features shared space for the university students, community members, and businesses.

NEW HEALTH CLINIC. GU students studying on campus have unlimited access to the clinic for check-ups and to address minor health concerns.
