

National University of Health Sciences

2024 Updates

National University of Health Sciences (NUHS) is the nation's premier institution for integrative health care professions, offering rigorous graduate programs in chiropractic and naturopathic medicine, and acupuncture. Our students are uniquely prepared for the real world of health care today through learning in our evidence-based, integrative medicine environment, including on-site clinics. You will graduate with the skill and confidence you need to not only practice, but to succeed and excel in your profession.

ILLINOIS ARTICULATION INITIATIVE (IAI) AGREEMENT

- NUHS is excited to report that we have been approved and are now part of the Illinois Articulation Initiative (IAI) agreement <https://itransfer.org/aboutiai/>.
- The Illinois Articulation Initiative (IAI) is a statewide transfer agreement, which is transferable among more than 100 participating colleges and universities in Illinois. IAI works best for students who know they are going to transfer but are undecided on the college or university that will grant their baccalaureate degree. All colleges and universities participating in IAI agree to accept a “package” of IAI general education courses in lieu of their own comparable lower-division general education requirements. Keep in mind, the IAI general education transfers as a package. Any course-to-course transfer credit is not guaranteed. Students should work with their institutions to see exactly how their courses will transfer beyond the IAI package.

NEW STUDENT SERVICES CENTER AT THE LOMBARD CAMPUS

- Slated to open in December 2024.
- Provides a “one stop shop” to all NUHS student services such as financial aid, bursar, advising and technology assistance.
