

Quincy University

Merit Scholarships

- Transfer student scholarships will increase as of Fall 2025, starting at \$10,000 a year, with opportunities to earn up to \$18,000 a year. Transfer merit scholarships are based on a student's cumulative GPA and the number of credit hours a student transfers to QU.
- Students can stack their merit scholarship with a \$2,000 a year PTK scholarship, a \$500 a year Visit scholarship, a \$500 a year Legacy scholarship (for students whose parents/grandparents graduated from QU), a Presidential scholarship (Spring competition that offers a scholarship up to tuition and book cost) and/or athletic/fine arts grants.
- All scholarships are renewable for 2 academic years after a student's initial academic year.

Illinois Promise Grant

- Quincy University offers an Illinois Promise grant to all first-time QU students who:
 - Have Illinois residency
 - File the 2025-2026 FAFSA
 - Meet all program enrollment requirements for the 2025-2026 academic year
 - Receive the Illinois MAP grant and Federal Pell grant
- Grant amount is based on a student's other institutional scholarship/grant amounts
 - Promise grant will help cover the remaining cost of tuition and books beyond institutional aid already earned

Financial Aid Estimator

- Admitted students interested in an estimate of their QU financial aid can complete our net price calculator (<https://www.quincy.edu/admissions/net-price-calculator/>).
- Upon completion of the NPC form, we ask the student to submit family/student tax records via mail (Quincy University c/o Admissions 1800 College Avenue Quincy, IL 62301) or email (hawkshelp@quincy.edu).
- Students will receive an estimate of their institutional/state/federal aid within a few days of the arrival of their tax documents and completion of the NPC form.
 - This does not replace the completion of the 2025-2026 FAFSA or a QU financial aid offer
 - The NPC estimate aims to offer a clearer description of aid opportunities through QU while colleges/universities wait for the arrival of FAFSA data in March.
