HOW TO APPLY

iwu.edu/apply

- Illinois Wesleyan accepts the Common Application or our IWU Application.
- Official transcripts from all high school and college course work should be sent by your school to complete your application.
- There is no fee to apply, and we are test optional!

Academic Recommendations:

- All Illinois Wesleyan students are required to complete a minimum 2 years, equivalent to 16 units, in residence at IWU.
- 3.0 GPA for all transfer coursework is recommended.

99% OF 2023 IWU GRADUATES ARE EMPLOYED OR ENROLLED IN GRADUATE SCHOOL 6 MONTHS AFTER GRADUATION

OUR UNIQUE ADVANTAGE

Great Housing Options

Transfer students can choose between traditional style residence halls, suite-style, or even apartment-style living on campus.

Transfer students who meet the below requirements when beginning at IWU can also choose to live off campus during their junior year!

- Attained an Associate's Degree from accredited community college, as a post-high school attendee.
- Completed at least 1 year of independent living (not with family).
- Are participating in either athletics or student employment on-campus.

Career Outcomes

IWU is the #1 school in IL for getting a job and for the highest earning salaries. Our career center will support you with everything from building a resume and learning how to network all the way to securing internships and jobs!

International Travel

700+ study abroad options in more than 70 countries with options to study abroad available for students in all programs. Tuition exchange available.

OVER 99% OF INCOMING STUDENTS RECEIVE MERIT-BASED SCHOLARSHIPS

LOOKING FOR A PROGRAM THAT'S RIGHT FOR YOU?

Customize an individualized major or minor based on your academic and professional objectives. Here's a look at our newly implemented majors/minors:

Sociology-Criminology

Sociology-criminology, the sociological study of crime and the criminal-legal system, analyzes important current events. In addition to providing direct job relevance for a variety of careers connected with the criminal-legal fields (including law, law enforcement, policing and advocacy), the strength of IWU's criminology training is its strong foundation in empirical research and focus on contemporary issues including diversity, equity and inclusion (DEI).

Supply Chain Management

Supply chain management is a comprehensive approach to strategic planning, coordinating, and optimizing the flow of goods, services, information, and finances as they move from the supplier to the manufacturer, through various distribution channels, and ultimately to the end customer.

Communication

This major prepares students to participate in a complex and increasingly mediated national and global context, to succeed in the areas of public relations, strategic communication, and journalism, in careers with employers such as media companies, sports teams, government agencies, foundations, and not-for-profits.
