

WE'RE A COMMUNITY OF STUDENTS, OF LEARNERS AND EXPLORERS.

Together with brilliant professors, we journey on the road Christ has called us, to be whole and complete people. We are passionate. We take learning seriously because we combine it with our faith, so this learning informs and changes all of who we are. Since we take it seriously, U.S. News and World Report consistently ranks us as one of the top liberal arts colleges in the nation.

You'll find Wheaton students learning and living all over the world, serving in remote locations or here in the western suburbs of Chicago. Students gather here from every state and over 50 countries.

We're diverse and dynamic, seeking to make a difference first in each other's lives, and then all over the world. That's what you'll discover here at Wheaton: rigorous academics and vibrant faith. People who learn, and love, and have fun while doing it.
