

## FALL 2022 TRANSFER UPDATES

- A **\$1,000/semester (renewable) grant** is available for transfer students admitted to the Spring 2023 semester. To qualify, students must meet one-on-one with a Transfer Admission Counselor or attend an online or virtual event.
- Dominican University has recently been ranked in the 2023 Best Colleges report by *US News and World Report* as **#1 Most Innovative School in Illinois** and #3 in the Midwest based on improvements identified in curriculum, technology, campus life, faculty, students or facilities. Additionally, Dominican won the #1 spots in **Illinois for Best Value, top performer in social mobility in Illinois, and undergraduate teaching in Illinois**.
- Dominican participates in the **Dream.US**, a program that offers scholarships to DACA eligible students. Ten (10) scholarships and a one-time \$1,000 stipend are awarded yearly to transfer students who are admitted for the Fall semester with 24+ semester hours of transfer credit and 3.3+ cumulative GPA. An application is required and deadlines apply.
- The School of Education sunset the Early Childhood Education major in Summer 2022, recommending students to pursue **Elementary Education** for teaching grades 1 through 6. Beginning in Fall 2022, the Elementary Education major has been updated to include an Early Childhood Education endorsement (birth through grade 2) – making students more marketable in the field.
- Have students pursuing an Associate in Applied Science (AAS)? If so, then consider one of Dominican's **Bachelor of Applied Science (BAS)** programs. The BAS is designed for students just finishing an AAS or adults already in the workforce and seeking to enhance their credentials. Two areas of study are offered:
  - ★ Bachelor of Applied Science in Health Sciences
  - ★ Bachelor of Applied Science in Informatics

*Specialties available in: Cybersecurity, Health Informatics, Organizational Informatics, Educational Informatics, or Community Informatics*
- Transfer students seeking flexible course delivery modes will find the following programs of interest:

### Evening Bachelor of Business Administration (BBA)

Through the Brennan School of Business, the Evening-BBA offers a mix of fully online, blended, and face-to-face classes that can be completed within 24 months. Cohorts begin each fall with the following majors:

- ★ Accounting
- ★ Management

### Bachelor of Professional Studies (BPS)

Under the College of Applied Social Science (CASS), the BPS is designed for working adults looking to complete an undergraduate degree and advance professionally. Courses are offered online in an accelerated format. There are several majors to choose from, including:

- |                                   |                            |
|-----------------------------------|----------------------------|
| ★ Criminal Justice Administration | ★ Legal Studies            |
| ★ Disability Advocacy             | ★ Public Administration    |
| ★ Human Services                  | ★ Sustainability Studies   |
| ★ Labor Relations                 | ★ Training and Development |
