

BACHELOR OF BIOMEDICAL SCIENCE

EVENING COMPLETION PROGRAM

ILLINOIS CAMPUS

Biomedical sciences include any course of scientific study related to biology as it affects health care. It includes classes such as physiology, anatomy, epidemiology, biochemistry, nutrition, and kinesiology and is the foundation of knowledge for all health care professionals.

The Bachelor of Biomedical Science degree at National University positions students for a wide variety of career opportunities, or for admission to advanced science or professional health care degrees. This evening program is designed for students with a 2-year degree or previous college credits and offers a customizable curriculum.

ADMISSION REQUIREMENTS

- Application and \$55 fee
- Classes begin each September / January / May
- Official transcripts from all undergraduate institutions attended
- Completion of all prerequisites (C or better)
- Minimum cumulative GPA of 2.0 (4.0 scale)
- Informal interview (by phone or in person)

PREREQUISITE COURSE REQUIREMENTS

- 6 hours English
- 3 hours Speech
- 3 hours Psychology
- 9 hours Arts / Humanities
- 9 hours Social Sciences
- 30 hours Electives*

**Can be admitted with fewer than 30 – determination by Dean on an individual basis*

TUITION

\$443 / trimester credit hour

PHI THETA KAPPA SCHOLARSHIP

\$2,000 disbursed over two trimesters

ADVANCED SCHOLARS PROGRAM – DOCTORATE DEGREES

Even before completing the BS degree, students can begin a graduate program at National University, saving time and tuition costs. In the Advanced Scholars Program, students may start their doctor of chiropractic (DC) or doctor of naturopathic medicine (ND) degree after completing 90 hours, and transfer back the first year of graduate science courses to complete the BS degree.

**PLEASE JOIN US FOR VIRTUAL
OR ON CAMPUS EVENTS!**
