

RUSH UNIVERSITY
COLLEGE OF HEALTH SCIENCES

Bachelor of Science in Diagnostic Medical Sonography Program

- Program Type: Full-time
- Program Length: 24 Months
- Location: On-campus
- Average Class Size: 14

The Bachelor of Science (BS) in Diagnostic Medical Sonography program at Rush University is distinguished by our teacher-practitioner model. Students learn in the classroom, lab, and clinic by experienced practitioners.

What to expect:

- First year: Classroom instruction, student laboratory work, and observing patient examinations at Rush
- Second year: Perform examinations on a diverse population of patients
- Clinical rotations within the Chicagoland area and beyond

The Bachelor of Science (BS) in Diagnostic Medical Sonography program provides you with skills in the following:

- Communication
- Physical and intellectual scanning with ultrasound
- Analysis of images and data
- Reporting findings of the ultrasound exam to the interpreting physician
